

**Memorandum of the Meeting with Rev. Mok Hing Wan, Moses
on the General Assembly 2013**

By Rev. Fok Ping Yui

Sharing of mission work

1. Invite churches that have participated in mission project services to share their mission projects.

2. The sharing should focus on:
 - How was the vision created for the mission project?
 - How to plan and push forward the mission project?
 - How to push believers to participate in the mission project, including financial, human resources and praying support, etc.
 - The difficulties and challenges encountered by the project.
 - The sharing of a success story of the project.
 - Have you thought of inviting other member churches to participate in the project together?
